IN THE ABSTRACT

On page 6, line 1, amend the Section Heading to read - - [Abstract] ABSTRACT  
OF THE DISCLOSURE - -.

IN THE TITLE

Please amend the TITLE of the invention, as follows:

- - A SYSTEM FOR FILTERING FLUIDS AND FILTER FOR THE SAME [,  
THE FILTER USED IN THIS SYSTEM] - -.

IN THE SPECIFICATION

On page 1, line 1, amend the Section Heading to read - - [DESCRIPTION] - -.

On page 1, line 5, amend the Field Of The Invention to read - - The present invention relates generally to fluid purification and, more particularly, to a specialized filter and system [System] for [filtering fluids, and the filter used in this system] high performance fluid filtration - -.

On page 1, line 15, amend the Section Heading to read - - OBJECTS AND  
[BRIEF] SUMMARY OF THE INVENTION - -.

On page 2, lines 20-25, amend the Brief Description Of The Drawings to read:

- - FIG. 1 is [Figures 1 and 2 show] a diagram showing a [of the] plant[s in a 4-2-1 formation and the re-circulation circuit respectively, in which this invention's system is used] including a system for filtering fluids, according to one aspect of the present invention; - -.

- - FIG. 2 is a diagram showing a plant having a system for filtering fluids, in accordance with another aspect of the present invention; - -.

- - FIG. 3 is [figure 3 shows] a diagram illustrating [of] a plant having a [using this] system, according to the present invention, which also provides for mixing of the fluid flow[,]; and- -

- - FIG. 4 is a side sectional view of a filter illustrated in FIG. 3 showing [figure 4 shows the] details of the filters and of its connection[s used in this] to other filters of the system [in a lengthwise section], according to one aspect of the present invention - -.

On page 2, on line 26, insert

- - The same numerals are used throughout the figure drawings to designate similar elements. Still other objects and advantages of the present invention will become apparent from the following description of the preferred embodiments. - -
